

Pros **Rental ~~Staff~~**

ARA's Mobile Elevating Work Platform (MEWP) Train the Trainer program qualifies graduates to train operators using ARA materials that satisfy OSHA requirements and the new ANSI A92 standards.

The MEWP Train the Trainer program is only available through RentalU in combination with ARA facilitated hands-on training sessions. Train the Trainer employees will take the classroom portion of the training online through RentalU and then spend 4-5 hours completing the hands-on portion of the training.

To teach ARA's MEWP Operator program, trainers must complete and pass ARA's MEWP Train the Trainer program. Employees are provided access to digital copies of all the training materials.

ARA Certified MEWP Trainers will have administrator rights in RentalU, allowing them to purchase MEWP Operator training for their staff, administer the operator hands-on training, and record evaluations online. Certify your employees and increase the value they provide to your customers. Enroll Today!

Online training course modules include:
